

## Exclusive Invitation

### Ellex Medical 'Behind the Scenes' Manufacturing & Facility Tour!

Worldwide, there are only a limited number of companies who possess the technical capability required to manufacture laser cavities for use in ophthalmology.

You're invited to experience a unique 'Behind the Scenes' Tour of the Ellex® manufacturing and production facility (Technology Park) to learn from our Engineering and Production teams on how every one of our laser products is manufactured in-house from the ground up. This includes the highly complex premium laser cavities which are the "heart" of lasers.

Plus, enjoy premium wine tasting, from one of South Australia's most iconic wineries, d'Arenberg.

**Date: Friday, 1st November 2024**

**Time: 2:00pm - 4:00pm**

(Return bus transportation will be provided to and from the Adelaide Convention Centre)

**RSVP is essential, limited numbers.**
